At Active Health Chiropractic we are fully dedicated to providing chiropractic solutions to address your unique needs. Whether you are experiencing back pain, neck pain, headaches, shoulder pain, hip pain, knee pain, ankle pain or even muscle tightness and tension, we are here to help.

At Active Health Chiropractic we use a treat and release method. This means that we find and treat the cause of your pain which results in longer lasting pain relief and faster recovery times. We love our patients but we don't want them to feel like they are dependent on us which is why our ultimate goal is to empower you to control your pain on your own!

Dr. Jones welcomes you to our practice where we strive to make patients feel at home. This personal care is why people throughout the Joplin area come to Active Health Chiropractic.
